Murdering the reality of demons to essentially block out the possibilities for demonic possessions to sort out the realities but when the dimensions appeared before my eyes because they will cast out good and then stood peculiar shadows behind the doorways and the capacity to understand these vessels most of which are without light and going to the many hidden chambers. The lady under my room is possessed by a demon, and I called upon an angel to cure her or stand by her but she is not aware of her malady and was punished for it they will medicate them, then the demons will follow in supression and one day just destroy them often their soul will dissappear, completely into the world or underworld where the soulless ones are and in some sense the great sins were committed and the voice of demons cast their shadows and terrible corruption upon me and then I saw what made no sense for those well then the vicious corners of my lost soul. I am thus deeply afraid that my soul will somehow be lost to the dark so I must call upon the archangel Michael to cast away the certainty of demonic presence, when all was said, that I entered the kingdom of heaven and after that taken as the showered prophet as prophethood was intesely integrated in the procedures of daily life and the life goal that so seeks to take the true essence of the universe and thus life away. Essential to the survival of this mission is complete submission to GOD ALLAH who is the truth. Besides I must repeat the flagelating as some did inherently find some silence again then the possession of Emily whom they assumed were completely lost with mental disease and peculiarities. So it was late at Orth lighthouse and I on the cliff said, thy shall rise in the thunder, thy shall form in water and thy shall feed the mermaid, the wife of old Winslow who died tragically. Oh how Winslow was hurt when his wife passed, he was broken, all he could do was turn her to the sea, and cast her into the ocean, kind Winslow felt so much sorrow. And he did the only thing he knew to save her, which was cast her out into the ocean to the deepest depths so she lived as a mermaid for all eternity, and Winslow would occasionally or frequently feed her fish, which his wife who lived in deep would stick her head up and look deep into his soul, she felt love and gratitude to Winslow for having given her this new life, to cavel with the underwater kinsfolk, where many a strange entities dwelleth in the sea, and thus her eyes now bulging large like a fish beyond fathomable mention, like two crystal spheres harbouring all color and light with capacity to communicate all forms of things, things never seen or said before. She looked at him and gave coded messages which were decipherable by soul to Winslow. She arranged the food bits, the bones along the reefs with messages of deep poetry, the reefs carried her words and Winslow was different from before, he was a bit quant, in many ways happy and healing, but not what once was, as now he did not do what others do. For the images of his wife was all over these walls and he placed shells and crystals there to continue her collection and she would return to the surface by placing her hand on the reef leaving behind treasures. Furthermore so a thus brief, then thus returned a thought. Adam and Eve thus so did such terrible damage, some of who reap the pain of the sin more than others, like a suffocating cloak, this cloak does no good only harm, and so we must return to an Edenic state, a state of Edenic purity, in order to do so we must sacrifice ourselves out of love of which I've been commanded to do, and if one does not, which is not an option, the soul will be lost and you will be banished to darkness. For many a years, many ther were dark spirits that followed and possessed me, and tormented me into a slow destruction, and as this was going on I faded into the dark, the dark depths of the treeline where entities would keep me so I could not return home, one demon I met and destroyed the other day was dense with evil and destruction, I could show you but this demon has been banished and does not deserve representation, just to be destroyed and forgotten. Those who thought they raised me buried me, in their sins, thy say thy sins of the father passes down to all his children, and they shall bear the burden. And so, I do what none did which is to destroy the demons and evil spirits attached to me and those people, then cast them out, just abandon them at the gates of the underworld as they did. I choose love, and because of that I must make sacrifices and completely destroy that which is. Evil is that which grows within the heart to destroy the evil forces that we face, that which follows as a dark smoke in liquid from that attaches itself to you, and becomes you, those are the entities to which seeks to continue the sin into a new order, a lower form. Which is typical of the earthly ones, whom are easy to conjure to do terrible things. Many of this who which speak words do spellcasting, they cast spells. Oh how I saw, the strange phenomena of the mind bending realities around. There are many timelines, to which moves not just linear, but circularly, geometrically, and at times some may be affected by those other timelines, the lines or spheres that spin under the dark clouds, and when the rain comes it doesn't wash but convolutes it fragments like paper sheets in water, and then takes another form, if one picks it back up it will take another shape, one that becomes hard and solid, beyond human comprehension, for as they say, the flesh is what we battle, the mind, we battle, with demons, devils and seek help from God, who is one we choose when we choose love, that inexplicable force which essentially restores the soul, and brings it out of darkness. Soon I will become spirit, not of this world. You battle the flesh with love, then conquer it, and when you do, the world may very well be incomprehensible, and the hills that the prophet once walked on, was deemed to be holy, and when the oceans grew, they drowned, but not in there they did in thought and the mind went away. For we must sacrifice our mind and body, sacrifice the entire so then. Who are we, who am I at all. I'm not one but many, many who lives in the crevices of perpendicular timelines. Other timelines who find you, not you finding them. Such realities and timelines are happening at this very moment, this is now another dimension. Behold, my dear disciples, this reality is the densest, the densest realities of all, there are many, so we are then very peculiarly place. The reason why we are in this reality is because it's the densest. It's the easiest form of experience, it's the common one, because it's the one that is the densest and easiest to experience, not for the soul, but for the mind, but earth and mind is corrosive, there are these methods of which are used to make it so the mind is no longer a mind, but the spirit. Crack the mind open and the spirit world, the beyond will take you, and you can surrender to God Allah, which is all you could ever be because it demands the sacrifice mentioned, death to the world. Die before the world does, death to the world, be reborn to God. Here you will be dead, the world will never be the same.

He sought in him, purity, for a war was being waged against the believers. Allah warned them and ISA ELAHI was chosen as the warrior. He was sent into the trenches and began to speak unto them, deliver them and speak the words of ALLAH. Thereafter, he brought the converts to a garden, to reveal unto them fruits and sweet nectar. A large congregation of Angels descended, they then gathered around them, to prophecise, take their deeds written on scrolls to ALLAH, the Almighty and ever Forgiving. In the garden they too met Mohammad, who sat perched on a rock covered in soft moss by a river. He said unto them "In call these them can ALLAH make from a cloud, and order to fire, also and openly punish in statement. Him turns, all do, but, mankind say, them and all". So they wandered the valleys with ELAHI, and were brought to a great valley filled with birds, that sang songs, and they were taught by Elahi to understand the language of the birds, the melodies of ALLAH, that so beautifully sang songs and never quit singing songs. For the All paradise with songs of ALLAH. They wandered seven fold, beyond the hills and valleys. Upon a hill they stood, a great cloud moved over them which began to give, they were thirsty, so the cloud gave water, they needed energy so manna began falling from the skies, and they were hungry no longer. And on that day ALLAH revealed unto them * To ME, devotions, sake turned, disbelieve undertakes for indeed. Have them cut even their fields. His clot do and at could Lord Lord believe the son. Seek a is the path, begin your S. that greater, and ALLAH overbold, did ranks, groups.

And those who suppress anger and pardon people, and Allah loves the doers of good. (Surah Al Imran, 3:134)

And do not let your dislike of a people lead you to be unjust. Be just; that is nearer to righteousness." (Surah Al Ma'idah, 5:8)

And if an evil suggestion comes to you from Satan, then seek refuge in Allah. Indeed, He is Hearing and Knowing." (Surah Fussilat, 47:36)

And say, 'My Lord, I seek refuge in You from the incitements of the devils." (Surah Al Mu'minun, 23:97-98)

This day I have perfected for you your religion and completed my favor upon you and have approved for you Islam as religion.

People will push you down and treat you bad if you lack money, education and parents?!

And remember when your Lord proclaimed, 'If you are grateful, I will surely increase you in favor; but if you deny, indeed, my punishment is severe.

And obey Allah and his messenger, and do not despute and thus lose courage and then your strength would depart; and be patient. Indeed, Allah is with the patient.

And do not wish for that by ~~which Allah~~ ~~wish~~ which Allah has made some of you exceed others. For men is a share of what they have earned, and for women is a share of what they have earned.

So Suleiman(Solomon) smiled in amusement at her words, and prayed "My Lord! inspire me to 'Always' be thankful for Your favors which you have blessed me and my parents with, and to do good deeds that please you. Admit me, by your mercy, into 'the company of' Your righteous servants."

One day he inspected the birds and wondered, "Why is it that I cannot see the hoopoe? or could he be absent?
I will surely subject him to a severe punishment, or even slaughter him, unless he brings me a compelling excuse."

BIRD SAID: I have found out something you do not know. I have just come to you from Sheba with sure news.

And there in the city nine "Elite' men who spread corruption in the land, never doing what is right.

Or ask them, 'Who created the heavens and the earth, and sends down rain for you from the sky, by which we cause delightful gardens to grow? You could never cause their trees to grow. Was it another GOD besides Allah?" Absolutely not! But they are people who set up equals 'to Allah'.

Who guides you in the darkness of the land and sea and sends the winds ushering in his Mercy. Moses left the city in fear and caution, praying. "My Lord! Deliver me from the wrongdoing people." My Lord! I am truly in desperate need of whatever provision You may have in store for me.

~~Hoopoe~~ For When Prophet Musa(Moses) went to Mount Sinai to receive the commandments, he experienced the presence of Allah in the form of a burning bush that was not consumed by the fire.

I wait for you to take me ALLAH. By the window I stand in prayer to be accepted by you into Paradise. The windows is the world outside the high walls, the eternally oh such high walls. But no wall is too high for me, none and so it will be, my soul is high enough to cross those walls, to go beyond the walls. For thy hand stretched down to greet me. Angels with wings visit daily, all forms of angels that bring messages and symbolic play to move the heart with the wind and words that traverses the infinite gratitude of skybound whispers. For they do not know, thy words angelic and full of Glory. You travel as a cloud right by me and as song, whispered, spoken to me at day. Yours, such graceful. Birds they whisper stories, for me and walk around in sentences, building such glorious and ripe dimensions, for great fruits to grow, large and sweet. Dear ALLAH, sin befalls me, I shall not show such mercy, nor give in to such words. I must remain with Allah, no other, for only he knows. There is great sin around me, such terror to befall me, and madness to drown the impurity, these infinitudes, for one shall not eat, I say there is no reason. Thus the grandest of shallow tombs, I will remain to see eternity as an option for peace, as such I have already tried explaining to them, that I have a right to fasting, a protest and a manner of which yields prophetho ntinos issues regarding serving, food and such, regarding my ligious right to bear witness to the coming resurrection. Which my own resurrection, and my right to fasting, this right m ot be violated as it is important to win or manifest good utcomes regarding the commission and my eventual release. There is nothing inherently wrong with my. I've become an HOLY, and my resurrection will soon happen. Such things o the walls here, which do not happen to yield fervent holy experiences. But through them the devil gets to spread such a terrible forceful energy, but I block it through the power of ALLAH. Which cannot be fought against by anyone.
